

CLINIC HIGHLIGHTS

May 2023

Happy May!

Here are a few highlights of the great things that are happening in the clinics.

West Elk Hotchkiss clinic is ready and waiting on their on-site survey for Patient Centered Medical Home recognition as well as their mid-cycle Rural Health Clinic survey. The window for both surveys is June to August.

- Congratulations to Jessica Zlomke. She became a Certified Rural Health Clinic Professional in April. This means she knows RHC rules and regulations and was able to pass the rigorous exam given by the National Rural Health Association.
- Our clinics as a whole continue to be busy. Patient volumes remain steady.
- We are working hard at ensuring clinic phones are being answered timely and that our front office staff is well trained to serve our patients. Our clinic managers have been working together to train front office staff to be the best first impression of Delta Health that they can be.

The clinic managers, staff and providers continue to impress me with their ability to adapt to any situation; they are truly a dedicated group of professionals.
